The day dawned bright and sunny but the Panama City community was

SART Equipment

- Regional equipment tab located on home page

The screenshot shows the Florida State Agricultural website (flsart.org) with the following content:

- Top Banner:** A Zika virus outbreak notice with a list of actions: Protecting tissues & the blood supply, Supporting diagnostic development, Facilitating medical product development, Supporting innovative mosquito control options, and Protecting the public from fraudulent products. It also mentions the U.S. Food and Drug Administration's actions to combat the Zika virus.
- Navigation Menu:** A vertical menu on the left side with the following items:
 - About Us: Florida SART, County SART, Florida Vet Corps, Partners
 - News/Media: SART Sentinel, Photo Gallery, Video Gallery
 - Resources: County Info, Presentations, Specialists, EM Vector Control, Foreign Animal Diseases, Animal Carcass Mgmt, Regional Equipment, Animal Response Plan, Web Resources
 - Training: Training Materials
 - Meeting: 2017 SART Planning Meeting
- Sign-in Form:** A form with fields for Username and Password, and buttons for Sign In and Sign Up. It also includes links for 'Forgot your password?' and 'Why Become a SART Member?'.
- State SART Brochure:** A section with a video player and links for State SART Brochure, County SART Brochure, and SART Poster.
- News Articles:** Two news items are displayed:
 - FDA Releases Foods and Veterinary Medicine Strategic Plan:** The U.S. Food and Drug Administration (FDA) last month released the Foods and Veterinary Medicine (FVM) Program's Strategic Plan.
 - Enrollment Open: Operations Level for Small Animal Emergency Sheltering:** The Florida State Animal Response Coalition has upcoming opportunities for their Operations Level Small Animal Emergency Sheltering.

Future Additions

SART Projects and Plans

Magnum panels

- 6 ft. x 5 ft. heavy-duty kennel panels
- Multiple setup options
- Preloaded onto (2) 24 ft. aluminum stock trailers

SART Projects and Plans

Support for NMETS

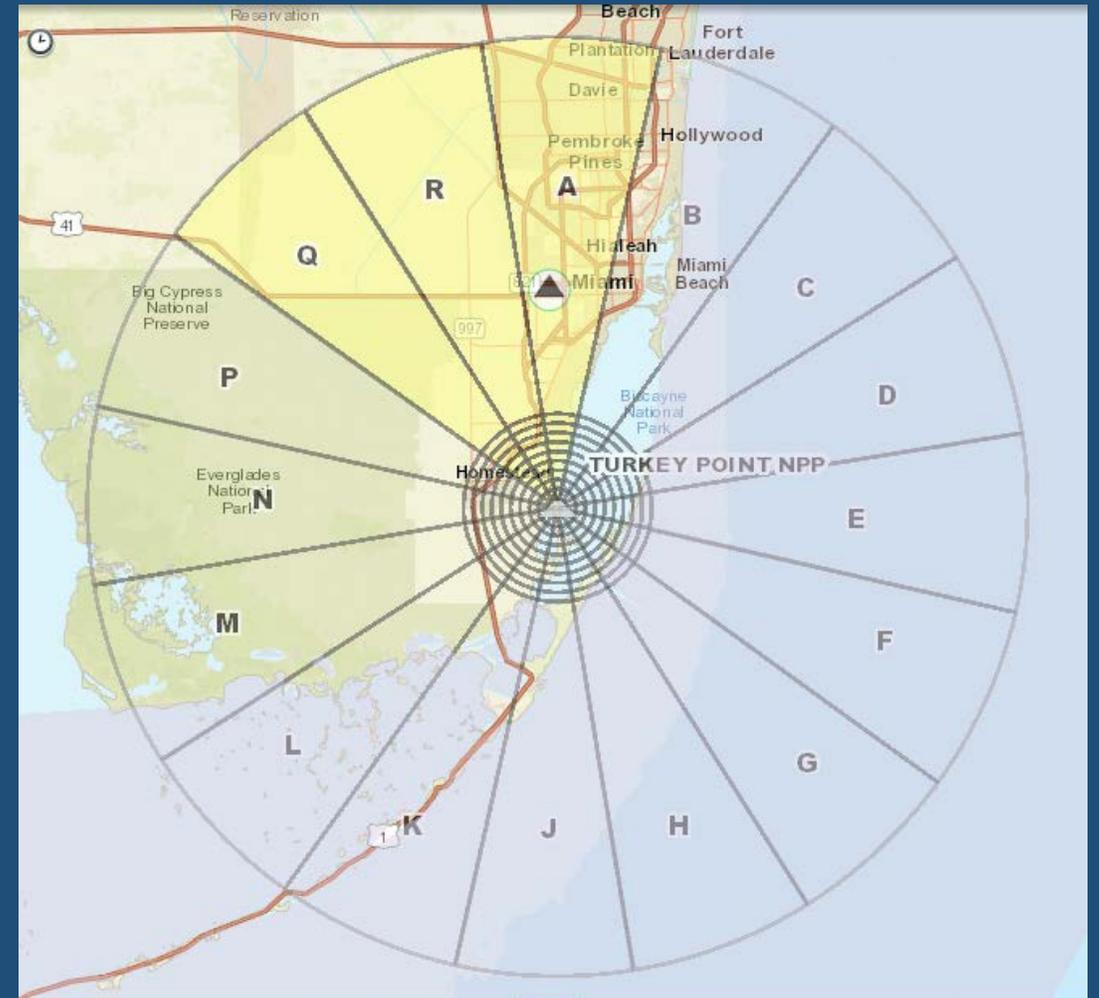

- National Mass Evacuation Tracking System
- 3 scanner caches for quick deployment
- Engaging with DEM to finalize server logistics
- Coordinating updates with FEMA

SART Projects and Plans

Develop Agriculture Economic Impact Database

- Working with IFAS to develop web-based system
- Tool for agriculture assessments during emergency activations

**What We Hope SART
2.0 Will Do for You**

SART 2.0 Goals

- Streamline access to ESF-17 personnel
- Provide response capabilities to augment county resources
- Continue to present training opportunities to response community
- Continue engagement with county stakeholders

Questions
